

December 2 - 4, 2020 | Viana do Castelo, Portugal

Submission Deadline: **June 22, 2020**

EAI is actively monitoring the COVID-19 situation **to ensure the safety, comfort and quality of experience for attendees** and a **successful course of the event**.

EAI is committed to holding the conference in 2020 and Accepted Authors who are unable to attend the event in person will be given an **option to present their submission online and attend an interactive virtual event with unique benefits**. In case the situation prevents the event from taking place in its original location, it will be held fully in an interactive, [live online setting](#). All matters related to **publication and indexing will remain unchanged**.

Accepted Authors will be notified about the final decision regarding the conference setting before the Camera-ready deadline.

### SCOPE

**Edge-IoT 2020** conference has been created as a flagship conference aiming at addressing the decentralization of contemporary processing paradigms, notably Edge processing, focusing on the increasing demand for intelligent processing at the edge of the network, which is paving the way to the Intelligent IoT Era.

The Internet of Things (IoT) is taking an important role in **the digital transformation process in several application domains** blurring the boundaries between the physical and digital worlds.

We are pleased to invite you to submit your paper to [Edge IoT 2020](#). Submissions should be in English, following the Springer formatting guidelines (see [Submission](#)).
